

## Speakers/ Workshops

### Tantalizing Turfgrass

John will showcase improved Kentucky bluegrass and fine fescue cultivars, the effects of proper compost topdressing, and a demonstration of the proper application of Velocity PM herbicide for the control of Poa species in tall fescue.

John Emerson, UD Cooperative Extension

### UDBG Trial Garden – Color Galore

The 2024 UDBG trial garden is better than ever and will be peaking in August. See firsthand some of the annuals that will be “hot” next year.

Bob Lyons, Professor Emeritus, Univ. of Delaware  
and former Longwood Graduate Program Director

### Groundcover Trials – And the Winners Are...

UDBG's research is providing a side-by-side comparison of the recently banned groundcovers with new options to add to your plant palette that will provide the same, if not better, impact in the landscape, are pest & disease resistant, while preserving Delaware's open spaces. Who are the winners? Come see for yourself.

Lauren Kope, UD Botanic Gardens

### Pest & Disease Walk

Jill, Brian, and their interns will serve as your guides on a stroll through the gardens of the UDBG as they discuss the pests and diseases found on site.

Jill Pollok & Brian Kunkel UD Cooperative Extension

### Imagine This – Design of the Future

Join Eric for a peek at the future Townsend East Lawn & Garden. Usage of site, both current and future clientele, as well as students' visions via drawings will be shared and discussed. Eric will also outline the current design and construction process and expected completion.

Eric Bardenhagen, University of Delaware

### Why Didn't I Think of That?

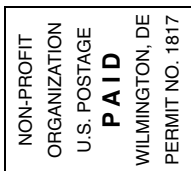

Enjoy a stroll through the gardens with Andrew as your guide. Walk will showcase under-utilized, yet readily available, plant material to add to your design toolbox. Special emphasis will be given to shrubs and trees.

Andrew Adams, UD Botanic Gardens

### CNP Plant & Turfgrass Weed ID & Control Options

Challenge yourself and refresh your skills with this identification exercise.
